gorenje

Built-In Oven 739568 BSA6747A04BGWI

USP :

Wi-Fi operation	Integrated
Triple glazed oven door with one heat deflector (CoolDoor)	Special innovative construction and glazing on the door isolates the oven, so the heat is kept inside, optimizing energy consumption as heat can't escape from the oven cavity. This makes the oven even safer for the user, children and pets and prevents warming up the ambient.
STEPBake	StepBake allows the cook complete control of the baking process, which can be manually programmed. Simply set the parameters for each of the desired 2 or 3 steps and the oven will take care of everything. No further interaction needed, all that's left for you to do is enjoy the final result.
SoftOpen and GentleClose door hinge	Only a soft touch is needed to open or close the oven door smoothly, without any noise.
Oven type	Multisystem oven BigSpace - 77 l SuperSize baking area
Maximum oven temperature	300 °C
Dynamic oven cooling plus - DC+	The DynamiCooling system efficiently cools the oven exterior (or housing) to prevent any damage caused by high temperature. In ovens with the DynamiCooling+ system, the heat sensors regulate the cooling of the oven exterior walls until they reach a temperature of 60 °C. This is particularly convenient in ovens with the pyrolytic cleaning function which works with extremely high temperatures.
Sabbath mode	✓
SuperSize	✓
SteamAssist	By adding the water into the water tank in the control panel you'll get perfect steamed food and crunchy crust. When choosing a program, which is having the possibility to add steam in the baking process, the oven will let you know when the time is right. Depending on the model of the oven, you have to press a central knob or either touch the function on the display to activate the steam injection.
HomeMade Plus shape	Gorenje ovens are well known for their innovative rounded cavity, which has been their distinctive feature for many years. The HomeMade shape was inspired by the traditional wood burning ovens and ensures better circulation of air compared to competitors. Now, the HomeMade shape has been completely revamped and the airflow perfected due to a new heater design and the improved distribution of the ventilation openings. That is why the temperature is stable throughout the oven. Never again will your dishes be burnt on one side and underdone on the other.
Circular heater	✓
GentleBake	This function is all about gentle, slow and even baking. This way, the moisture is locked inside and the food stays staying super tender and juicy. Suitable for preparing meat, fish or pastry on one level.
FastPreheat	OptiBake ovens reach a temperature of up to 200 °C in just 5 minutes, saving 30 % of the time needed by standard preheating and making them one of the fastest ovens on the market. This is very convenient for recipes that require a preheated oven. A light and sound signal informs you when the temperature is just right.
WarmPlate	✓

Large infra heater	✓
AirFry+	✓
FrozenBake	This efficient baking program is the perfect choice for all frozen food and pre-prepared meals.
Interior light	Above and on side
Pizza function	This program with setting of baking temperature up to 300o C was specifically designed to help you bake the perfect pizza, focaccia, flatbread and similar baked delicacies.
AutoBake	Gorenje OptiBake ovens provide fully automatic cooking programs with 22 of the most popular recipes to choose from, just ideal for beginners. Extensively tested by Gorenje experts, the AutoBake programs are fail-safe, delivering great results even without preheating. All that the user needs to do in few cases is choose the dish type and weight and press start. The oven will do the rest.
Gratin	The Gratin option lets you create the perfectly golden brown crust on lasagnas, meat, potatoes au gratin and other au gratin dishes.
PerfectGrill	The best baking results are achieved with a combination of larger and smaller heaters, where the latter is positioned inside the larger one. The smart positioning of the heaters allows optimal heat distribution and provides the ultimate baking results every time, so food is crispy on the outside and soft on the inside.
MeatProbe	By controlling the temperature inside the food, the BakeSensor manages the entire process and even activates the alarm when the dish is done.
Oven door switch	Mechanical
EcoClean enamel	✓
Catalytic fan cover	✓

Basic information :

Basic color of product	Jet black
Cavity width	620
Cavity height	660
Cavity depth	675
Oven door hinge	N/A
Product group	Built-In Oven
Brand	GORENJE
Commercial code	BSA6747A04BGWI
Internal article number	739568
EAN code	3838782557620
Main colour of product	Jet black
Construction type	Built-in
Type of control	Mechanical
Microwave function	No
Are any hobs controls integrated?	Yes
Door Material	Glass
Energy input	Electricity
Cooking method	Multisystem
Electrical connection rating	3500 W
Current	0,0 A
Voltage	220-240 V
Frequency	50-60 Hz
Marks of conformity	CE,EAC,UABREZ,GMARKING,MOROCCAN
Length of electrical supply cord	150 cm
Plug type	Schuko, supply cord 3 x 1.5
Height of the product	595 mm
Width of the product	595 mm
Depth of the product	564 mm
Height of the packed product	660 mm
Width of the packed product	620 mm

Depth of the packed product	675 mm
Min height of installation niche	590 mm
Max height of installation niche	600 mm
Min width of installation niche	560 mm
Max width of installation niche	564 mm
Depth of installation niche	550 mm
Net weight	29,0 Kg
Gross weight	31,0 Kg
Automatic programmes	Yes
Type of control setting and signalling devices	BIO21 ICON LED+ sensor control
Color / Material front	Jet black
Grill power	0 W

Features :

Temperature control	N/A
Short description of the product	BO3SA5I01-7 - BSA6747A04BGWI - RL_ADVL
Timer	Yes
Number of baking levels	0
Door opening	Soft opening and closing
Water intake	N/A
Water tank volume	0,13
Capability of wireless communication	Yes, integrated
Integrated Cleaning system	Catalytic
Grids	1
Time control	No control of the time
Time-setting Options	No delay option
Trays	3
Control panel information	N/A
Oven interior	Enamelled steel
Motorized Turn Spit	N/A
Additional equipment included	Deep baking pan - 1 Baking tray EM - 1 Oven grid - 1 Shallow enameled pan perforated - 1
Safety device	Oven door switch
Oven lighting	Yes
Position of interior lights	N/A
Meat probe	Yes
Oven guides	Two level level pull-out 2D

Energy label information / Performance :

The power consumption in off-mode	1,0 W
Energy consumption per cycle conventional (2010/30/ES)	0,97 kWh/Zyklus
Energy consumption gas oven per cycle conventional (2010/30/ES)	0,0 Mj
Energy consumption per cycle forced air convection (2010/30/ES)	0,71 kWh/cycle
Usable volume of cavity (2010/30/ES)	77 l
Number of cavities - NEW (2010/30/EC)	1
Energy consumption gas oven per cycle conventional - NEW (2010/30/EC)	0,00
Energy efficiency index (2010/30/EC)	81,6
Application of EU Energy Label Regulation	Yes
ECO label	Yes
Energy Smart appliance, able to optimise consumption pattern (2017/1369/EU)	N/A
Energy efficiency class	A+
Energy consumption conventional	0,97 kWh
Noise	42 db(A)re 1 pW
Energy consumption forced air convection	0,71 kWh
Usable volume (of cavity)	77 l
Product size	Large
